

## **DEPARTMENT OF ENERGY**

### **Federal Energy Regulatory Commission**

**[Project No. 15038-001]**

#### **Let It Go, LLC; Notice of Availability of Environmental Assessment**

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for an exemption from licensing for the Jefferson Mill Hydroelectric Project, to be located on the Hardware River near the Town of Scottsville, Albemarle County, Virginia, and has prepared an Environmental Assessment (EA) for the project.

The EA contains staff's analysis of the potential environmental impacts of the project and concludes that issuing an exemption for the project, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the Internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document.
